

## Concentrated Feed Block Manufacturing Plant at Sonapur

Name of Project	Concentrated Feed Block Manufacturing Plant at Sonapur
Project Location	Sonapur, Kamrup (M)
Area of the project	Land to be identified
Approx. Project cost	As per Detailed Project Report
Focus sector	Animal Husbandry
Status of approvals	Greenfield project
Project contours	The proportion of crossbred animals or improved strains of birds increased over the years in Assam. This has necessitated higher demand for balanced concentrate feed. To tap the potential market, department has envisaged creating concentrated feed and feed block manufacturing plants.
Investment Opportunities	Potential Players are expected to construct of factory building, go-downs for raw materials as well as for finished products, office, canteen, generator room, essential quarters, etc. Purchase of equipment such as grinder, feed mixer, pelletizer, elevators, feed packing units, etc. Miscellaneous equipment such as transformer, generators, weighing scales vehicles etc.
Connectivity	Sonapur is located 20 KM from Guwahati City and well connected with roads. Nearest railway station is in Guwahati and nearest airport is Lokpriya Gopinath Bordoloi International Airport, Guwahati.
Proposed Infrastructure	Developed land with electricity and water source shall be provided by the concerned department.
Nodal agency	Department of Animal Husbandry & Veterinary, Govt. of Assam.
