

Milk Processing Plant - Bajali, Barpeta

Name of Project	Milk Processing Plant - Bajali, Barpeta
Project Location	Bajali, Barpeta
Area of the project	Land to be identified
Approx. Project cost	As per Detailed Project Report
Focus sector	Animal Husbandry
Status of approvals	The project is identified and DPR is under preparation
Project contours	<p>With the rising income level of the growing middle class in Assam, the demand for milk and milk products is also increasing significantly. Besides traditional milk products which have urban as well as rural markets, there is also a tremendous scope for marketing of value added milk products</p> <p>The Department envisages augmenting the dairy sector by bringing in private investments for further organising the value chain</p>
Investment Opportunities	Investors are expected to install appropriate plant and machinery, source raw material, ensure waste disposal, provide for store facility, refrigeration system and create marketing infrastructure
Connectivity	<p>Barpeta is connected by NH 31</p> <p>Nearest railway station is Pathsala and nearest airport is Lokpriya Gopinath Bordoloi International Airport, Guwahati.</p>
Proposed Infrastructure	Developed land with electricity and water source shall be provided by the concerned Directorate
Nodal agency	Directorate of Dairy Development, Govt. of Assam.
