

## Organic Milk Production - All Districts

Name of Project	Organic Milk Production - All Districts
Project Location	All Districts of Assam
Area of the project	8-10 acres of land per unit
Approx. Project cost	As per Detailed Project Report
Focus sector	Animal Husbandry
Status of approvals	Greenfield project
Project contours	<p>With the rising income level of the growing middle class in Assam and rising awareness about health benefits of organic products, the demand for organic milk and milk products is also increasing significantly. Organic milk has very high demand in Assam and being a niche product, yields higher margins.</p> <p>This project aims at meeting the demand supply gap of organic milk products and providing citizen with a healthier product class.</p> <p>MOVCD scheme, implemented across 10 clusters of Assam covering 5000 ha of net cultivable land for organic farming of vegetables and other crops shall act as a feeder to this project.</p>
Investment Opportunities	Investors are expected to procure and manage livestock, provide for organic fodder, provide for store facility & refrigeration system and create marketing infrastructure
Connectivity	Districts are well connected with roads and railways
Proposed Infrastructure	Developed land with electricity and water source shall be provided by the concerned department
Nodal agency	Department of Animal Husbandry & Veterinary, Govt. of Assam
