

Engagement of Healthcare Service Provider for Operations and Management of Primary/Secondary Healthcare Centres

Name of Project	Engagement of Healthcare Service Provider for Operations and Management of Primary/Secondary Healthcare Centres
Project Location	30 Community Health Centres (CHC) across Assam. A cluster based approach will be followed. Each cluster shall consist of one CHC and its associated PHCs.
Area of the project	All associated Primary Health Centres and one Community Health Centre
Focus sector	Healthcare
Status of approvals	New Project
Project contours	The concerned authority invites interested investors to commission, operate, maintain and manage the Cluster of CHCs and associated PHCs in accordance with IPHS Guidelines
Investment Opportunities	Potential Investors would be required to recruit and manage all the required personnel including consulting physicians, technicians, nurses, ward boys and other support staff and provide Electronic Medical Record system
Proposed Infrastructure	The concerned authority envisages to have state of the art healthcare facilities accessible to public. The infrastructure and facilities within the CHC and PHC should be compliant with IPHS guidelines
Nodal agency	Health and Family Welfare Department, Assam
