

Establishment of Urban Primary Health Centres (UPHC) in all District Headquarters of Assam

Name of Project	Establishment of Urban Primary Health Centres (UPHC) in all District Headquarters of Assam
Project Location	Across all district headquarters of Assam
Area of the project	2500 sqft per UPHC
Approx. Project cost	Subject to DPR
Focus sector	Healthcare
Status of approvals	New Project
Project contours	<p>The concerned department envisages operating Urban Primary Health Centres to provide integrated and sustainable system for primary health care with focus on urban poor living in slums and other health vulnerable groups in cities.</p> <p>On one hand, this initiative will help in reducing out of pocket expenditure on healthcare for urban poor and on the other hand reduce footfall of patients who do not require secondary/tertiary attention in district hospitals/medical colleges in the urban areas.</p> <p>2 UPHCs per district Headquarter and 10 UPHCs in Guwahati Total: 74 Urban Primary Health Centres.</p>
Investment Opportunities	The bidder/Service Provider will be entrusted to run the UPHC services as per the Standard operating procedures. This would include provisioning of MBBS doctor along with necessary para-medical and IT technical staff at each site.
Proposed Infrastructure	UPHC infrastructure shall comply with Indian Public Health Standards guidelines.
Nodal agency	Health and Family Welfare Department, Assam
