

Integrated Sugar Manufacturing Mills with capacity of 3000 TCD each

Name of Project	Integrated Sugar Manufacturing Mills with capacity of 3000 TCD each
Project Location	Goalpara, Karbi Anglong (Bokajan), Dhubri (Gauripur), Biswanath, Baksa (Mushalpur)
Area of the Project	30 Acres per Manufacturing Mill
Focus sector	Heavy Industry
Status of approvals	Greenfield Project
Project contours	<p>With the cropping area of sugarcane increasing steadily over the last five years, the production in the state maintains an average of 1059 thousand tonnes.</p> <p>There are numerous manufacturing units in Assam which are directly dependent on raw sugar such as dairy processing units, bakery units, sweet meet vendors, restaurants etc.</p> <p>Bagasse, a by-product of sugar cane can be used as fuel source which also has huge revenue potential for industries.</p> <p>Molasses, a by-product of sugarcane can also be utilized in preparation of alcohol which can tap the local as well as markets of neighbouring states</p>
Investment Opportunities	<p>The project shall be developed through PPP model.</p> <p>Each integrated sugar manufacturing mill shall have an installed capacity of 3000 tonne Crushing per Day (TCD)</p>
Connectivity	The proposed project districts are well connected by roads and railways
Nodal agency	Assam Industrial Development Corporation Ltd. (AIDC)
