

## Pharmaceutical Park at Chaygaon, Kamrup Rural

Name of Project	Pharmaceutical Park
Project Location	Chaygaon, Kamrup Rural
Area of the project	100 acres
Approx. Project cost	INR 153.64 crores (~USD 23.64 million)
Focus sector	Pharmaceutical products
Status of approvals	Pre-feasibility report for the proposed park has already been prepared and approved by the competent authority
Project contours	<p>Kamrup district is the most industrialized district in the state</p> <p>The district has one Export Processing Industrial Park at Amingaon, two Industrial Growth Centres at Chaygaon, one Integrated Infrastructure Development Centre at Rangiya, two Industrial Areas at Kalapahar and Rani, three Industrial Estates at Kalaphar, Rani and Bamunimaidam.</p> <p>Kamrup has one oil refinery at Noonmati, which is ~ 51 km from Chaygaon</p>
Investment Opportunities	<p>Demand side market assessment reveals that there is good potential for the pharmaceutical industry in the region and therefore it is an attractive destination for investments into the entire range of activities involved in pharma manufacturing</p> <p>There are only 34 manufacturing units, all of them in Assam, this leaves most of the demand to be fulfilled by supply from outside the region. This presents an opportunity for Pharma manufacturing companies can set up units in Assam to serve both the local markets and the markets in Bhutan and Myanmar, and API markets in Bangladesh.</p>
Connectivity	<p>Chaygaon is well connected by NH37 which connects it to all the districts on the southern banks of River Brahmaputra. NH37 gets connected to NH31 by the Nara Narayan Bridge, and in turn NH31 connects Chaygaon to West Bengal.</p> <p>There is a railway station in Chaygaon, which is close to the site</p> <p>The nearest airport is the Lokpriya Gopinath Bordoloi International Airport at Guwahati which is at a distance of ~ 25.5 km from Chaygaon.</p> <p>The nearest IWT Terminal is at Pandu, which is at a distance of ~ 39 km from Chaygaon</p>
Proposed Infrastructure	<p>A new power generation plant of 21 MW is coming up at Amring in addition to the 60 MW power plant nearby</p> <p>Abundant ground water and surface water is available at the proposed site</p> <p>Assam Gas Company has plans to extend its existing gas pipe line network to proposed site</p> <p>Private as well as public telecom service providers provide extensive service in this region.</p>
Nodal agency	Assam Industrial Development Corporation (AIDC)
