

Borpani Middle St-II (24 MW)

Name of Project	Borpani Middle St-II (24 MW)
Project Location	Borpani, Karbi Langpi
Approx. Project cost	INR 234.56 crores (~USD 36.09 Million)
Employment potential	Direct employment: 100
Focus sector	Power generation
Status of approvals	Approved by State Government
Project contours	<p>State Generating Company (APGCL) to plan & implement power plants so as to have a cumulative generation capacity of 2000 MW by FY 2024-25 and 4000 MW by FY 2034-35</p> <p>Exploit the Renewable Energy potential in the state of Assam and generate 1500 MW of electricity from RE sources by FY 2034-35</p> <p>Assam has a huge potential of generating power from non-conventional energy sources which largely remains untapped</p>
Connectivity	<p>Nearest airport is in LGBI, Guwahati</p> <p>Nearest railway station is in Diphu</p>
Investment Opportunities	Development of the project in PPP model
Proposed infrastructures	<p>Installation of Hydro Turbines & Generators</p> <p>New sub-stations</p> <p>New transmission lines</p> <p>Development of internal infrastructures</p> <p>Development of internal roads, drainage etc.</p>
Nodal agency	Assam Power Generation Company Ltd. (APGCL)
